Discussion:

State College Transfer Equivalency- Dr. Letzring lead the discussion about transfer students from other Florida state colleges. The process is governed by law, and UCF has little to no input. All courses at Florida universities and state colleges are entered into the state course numbering system (SCNS), which is controlled by the Florida Department of Education. If a student transfers with an SCNS course on their transcript, we have no option to but to accept it and give them the same credit.
